

# Seventh Annual International Symposium on Congenital Heart Disease

February 17-20, 2007 • St. Petersburg, Florida

Jointly sponsored by:

## Seventh Annual International Symposium on Congenital Heart Disease

**Left:** Julian Soto, shown at 10 months of age, was diagnosed in utero with HLHS with intact atrial septum. He underwent Norwood (stage 1) at two days of age and Glenn cavopulmonary anastomosis at almost 6 months of age. He participates in the NIH funded HLHS prospective randomized trial of aortopulmonary (Blalock-Taussig) shunt versus right ventricle to pulmonary artery (Sano) conduit.

**Center:** Barry Wigglesworth, shown at 38 years of age, was born with Ebstein's anomaly. He underwent replacement of the tricuspid valve in 1983 and again in 2006.

**Right:** Keagan McIntyre, shown at 3½ years of age, also had prenatal diagnosis of HLHS and has undergone Norwood (Stage 1), Glenn cavopulmonary anastomosis, and completion Fontan.

*Presented by:*

# Conference Objectives

---

As a result of attending this symposium, participants will be able to:

Explain the segmental approach of pediatric echocardiography in evaluating congenital heart defects, especially for those patients with hypoplastic left heart syndrome.

Describe advanced anatomy of hypoplastic left heart syndrome including all variations such as aortic atresia, aortic stenosis, mitral atresia, and mitral stenosis.

Evaluate the echocardiogram of patients with hypoplastic left heart syndrome.

Assess the varied forms of hypoplastic left heart syndrome prenatally, preoperatively, intraoperatively and postoperatively by using advanced techniques of echocardiography.

Outline a medical management plan for the patient with hypoplastic left heart syndrome, both prior to surgery and after surgery.

Review surgical procedures utilized for treatment of hypoplastic left heart syndrome including staged palliation, cardiac transplantation, and biventricular repair.

Interpret international data presented on surgical techniques of hypoplastic left heart syndrome.

Identify the most common forms of congenital heart disease in the adult patient.

Discuss the management strategies for both medical and surgical treatment of the adult with congenital heart disease.

Recognize the unique medical and surgical challenges that exist in caring for the adult patient with congenital heart disease.

# CME Information

---

## Course Description

This Seventh Annual International Symposium on Congenital Heart Disease will focus on the latest in echocardiographic, anatomic, and pathologic findings, as well as the respective medical management and surgical techniques, for patients with hypoplastic left heart syndrome. A panel of international experts will discuss abnormalities of the anatomical structures in hypoplastic left heart syndrome, echocardiographic evaluation of hypoplastic left heart syndrome, and the various treatments available for hypoplastic left heart syndrome. These specialists will present statistical data of their research and provide a forum for discussion and debate on these techniques.

## Target Audience

This conference is designed for cardiologists, cardiothoracic surgeons, cardiac sonographers, perfusionists, PAs, ARNPs, and RNs.

## Conference Format

Format will include: lectures, hands-on demonstrations, panel discussions, question and answer sessions, debates, and pathologic heart specimen exhibits.

## CME Accreditation

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of South Florida College of Medicine and All Children's Hospital. The University of South Florida is accredited by the ACCME to provide continuing medical education for physicians.

The University of South Florida designates this educational activity for a *maximum of 24.25 AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

\*Note: Contact hours for nurses will be awarded by All Children's Hospital pending approval by the Florida Board of Nursing.

## Cancellations & Refund Policy

All Children's Hospital reserves the right to cancel or postpone any course due to any unforeseen circumstances. In the event of cancellation or postponement, All Children's Hospital will refund any registration fees but is not responsible for any related costs, charges or expenses to participants, including cancellation charges assessed by airline or travel agencies.

No refunds will be issued after **January 17, 2007**. Cancellations received after that date will be refunded minus a \$50 service charge. Please familiarize yourself with all hotel cancellation penalties and fees when you make your hotel reservations.

*This Symposium is not affiliated with or endorsed by ARDMS.*

# About our Sponsors

---

## All Children's Hospital

All Children's Hospital (ACH) in St. Petersburg is a leading center for pediatric treatment, education and research. All Children's provides specialized care for children of all ages, from newborns through teens. It is one of two freestanding children's hospitals in the state of Florida, and the only one on Florida's West Coast. Patients come to All Children's from all over Florida and from many other states and foreign countries.

As a 216-bed teaching hospital affiliated with the University of South Florida College of Medicine, more than 140 pediatric specialists and subspecialists provide state-of-the-art medical and surgical care for children. All Children's is recognized nationally as an outstanding clinical center in many areas, including pediatric cardiology and cardiovascular surgery, cancer, immunology, cystic fibrosis, neonatology, neurosurgery, genetics, cleft palate and craniofacial disorders.

## Congenital Heart Institute of Florida

Congenital Heart Institute of Florida (CHIF) is the largest congenital heart surgery program in Florida. The purpose of CHIF is to promote the highest quality comprehensive cardiac care to all patients with congenital heart disease, from the fetus to the adult, regardless of the patient's economic means, with an emphasis on excellence in teaching, research and community service.

CHIF specializes in the care of Pediatric and Adult patients with congenital cardiac, thoracic, and vascular disease. It is the largest congenital and pediatric practice in Florida and provides cardiovascular and thoracic surgery and cardiac transplantation. CHIF is an association comprised of several physician group practices, which works as a team to provide the highest quality medical care available.

## University of South Florida College of Medicine

University of South Florida Health Sciences Center (USF Health) has as its core the Colleges of Medicine, Nursing and Public Health. As physicians, nurses, educators, public health professionals and researchers, faculty members provide health care, train future providers and create new knowledge related to current health issues. The University of South Florida located in Tampa, Florida, is one of the largest metropolitan universities in the southeast and among the 20 largest universities in the United States.

USF was designated as one of the state's Research I institutions, in part because of its strength in health sciences research. College faculty head interdisciplinary research programs in cardiovascular disease; children's health; brain disease; aging studies; patient safety; cell therapy; infectious diseases and biodefense. The USF Health campus is home to two major research facilities. In addition, the USF Children's Research Institute opened in 2000 in St. Petersburg. In partnership with All Children's Hospital, this \$12 million research center provides a point of service for investigator-initiated pediatric clinical and health outcomes research.

Events, activities and facilities of the University of South Florida are available without regard to race, color, sex, national origin, disability, age, or Vietnam veteran status as provided by law and in accordance with the University's respect for personal dignity.

# 7<sup>th</sup> Annual International Symposium on Congenital

## Friday, February 16 (1 CME)

12:30 – 1:30 pm *Grand Rounds at All Children's Hospital – Rings and Slings*  
Carl Backer, MD

## Saturday, February 17 (7.5 CME)

### FULL-DAY ECHOCARDIOGRAPHY AND TRANSESOPHAGEAL (TEE) SYMPOSIUM: SINGLE VENTRICLE AND HYPOPLASTIC LEFT HEART SYNDROME (HLHS)

7:30 – 8:00 am *Registration & Continental Breakfast*  
8:00 – 8:10 am **Welcome**  
Michael Epstein, MD; Jeffrey P. Jacobs, MD; James C. Huhta, MD  
Moderator: James C. Huhta, MD  
8:10 – 9:00 am **Anatomy of the Functionally Univentricular Heart**  
Professor Robert Anderson, MD  
9:00 – 9:30 am **The Nomenclature and Classification of the Functionally Univentricular Heart and HLHS**  
Jeffrey P. Jacobs, MD  
9:30 – 10:00 am **Echocardiography of the Normal Heart and Segmental Cardiac Anatomy**  
William T. Mahle, MD  
10:00 – 10:45 am *Break and Visit Exhibits*  
10:45 – 11:15 am **Echocardiography of the Functionally Univentricular Heart**  
Jim Paul, RDCS  
11:15 – 11:45 am **How Echocardiography Helps the Intensivist Care for Patients with Functionally Univentricular Hearts**  
David S. Cooper, MD, MPH  
11:45 – 12:00 pm **Panel Discussion**  
David S. Cooper, MD, MPH and Harald Lindberg, MD, PhD  
12:00 – 1:15 pm **Lunch Symposium**  
**NIRS Monitoring: Bringing the Intensive Care Unit into the 21<sup>st</sup> Century**  
George M. Hoffman, MD  
Supported by Somanetics  
1:15 – 2:00 pm *Visit Exhibits*  
2:00 – 2:30 pm **Echocardiography of the HLHS**  
Norman Silverman, MD  
2:30 – 3:00 pm **Interventional Cardiology and Staged Palliation for HLHS – The Role of Echocardiography During Complex Interventions**  
Neil Wilson, MD  
3:00 – 3:30 pm **The History of Surgery for HLHS and the Role Echo and TEE Played in This History**  
Marshall Jacobs, MD  
3:30 – 3:45 pm *Break*

3:45 – 4:15 pm **Fetal Echocardiography of the HLHS**  
James C. Huhta, MD  
4:15 – 4:45 pm **The Role of Echocardiography in Fetal Intervention – An Update on Fetal In-Utero Balloon Dilation Valvuloplasty for Critical Valvar Aortic Stenosis in Order to Prevent HLHS**  
Gerald Marx, MD  
4:45 – 5:15 pm **The Future of the Cardiologist / Cardiac Surgeon Relationship in Congenital Heart Surgery**  
Martin J. Elliott, MD  
5:15 – 5:30 pm **Panel Discussion**  
All Speakers from Today  
Elsa Suh, MD and Paul Chai, MD

### RENAISSANCE VINOY RESORT

6:30 – 8:30 pm **WELCOME RECEPTION**

## Sunday, February 18 (3.75 CME)

### HYPOPLASTIC LEFT HEART SYNDROME (HLHS) AND THE NORWOOD PROCEDURE

7:30 – 7:50 am *Registration & Continental Breakfast*  
7:50 – 8:00 am **Welcome**  
Moderator: Jeffrey P. Jacobs, MD  
8:00 – 8:30 am **Anatomy of Hypoplastic Left Heart Syndrome**  
Professor Robert Anderson, MD  
8:30 – 9:00 am **TEE of Hypoplastic Left Heart Syndrome**  
William T. Mahle, MD  
9:00 – 9:30 am **Intensive Care for Norwood Stage 1**  
Nancy Ghanayem, MD  
9:30 – 10:15 am *Break and Visit Exhibits*  
10:15 – 10:35 am **Norwood Stage 1 – What I Think is Important**  
Thomas L. Spray, MD  
10:35 – 10:55 am **Norwood Stage 1 – What I Think is Important**  
Martin J. Elliott, MD  
10:55 – 11:15 am **Norwood Stage 1 – What I Think is Important**  
James S. Tweddell, MD  
11:15 – 11:35 am **Norwood Stage 1 – What I Think is Important**  
Ross M. Ungerleider, MD  
11:35 – 11:50 am **Norwood Stage 1 – What I Know is Important**  
Gil Wernovsky, MD  
11:50 – 12:10 pm **HLHS – A Global Perspective**  
Daniel J. Penny, MD  
12:10 – 12:30 pm **Panel Discussion**  
All Speakers from Today  
Jeffrey P. Jacobs, MD

## **Monday, February 19** (8.5 CME)

### **HYPOPLASTIC LEFT HEART SYNDROME (HLHS): TRANSPLANT, HYBRID, AND BIVENTRICULAR APPROACHES**

- 7:30 – 7:50 am *Registration & Continental Breakfast*
- 7:50 – 8:00 am **Welcome**  
Moderator: James A. Quintessenza, MD
- 8:00 – 8:30 am **Anatomy of the Tricuspid and Common AV Valve in HLHS**  
Professor Robert Anderson, MD
- 8:30 – 9:00 am **Echocardiographic Criteria for 1 Versus 2 Ventricle Repair**  
Meryl S. Cohen, MD
- 9:00 – 9:30 am **Biventricular Repair for HLHS**  
Christo I. Tchervenkov, MD
- 9:30 – 10:00 am *Break and Visit Exhibits*
- 10:00 – 10:30 am **Utilizing Complexity Adjustment to Determine Management Strategy for HLHS**  
Francois Lacour-Gayet, MD
- 10:30 – 11:00 am **Transplantation and HLHS**  
Alfred Asante-Korang, MD
- 11:00 – 11:30 am **Hybrid Approaches to HLHS – The Surgeons' View**  
Emile Bacha, MD
- 11:30 – 12:00 pm **Hybrid Approaches to HLHS – The Cardiologists' View**  
Mark M. Boucek, MD
- 12:00 – 12:30 pm **Neurologic Outcomes – The Role of the Surgeon**  
J. William Gaynor, MD
- 12:30 – 12:45 pm **What the Surgeon Needs to Tell All Parents (and Some Cardiologists) About Neurodevelopmental Outcomes after Staged Reconstruction**  
Gil Wernovsky, MD
- 12:45 – 1:00 pm **Panel Discussion**  
All Speakers From Today  
Gil Wernovsky, MD
- 1:00 – 2:00 pm *Lunch Provided in the Conference Center*
- 2:00 – 5:00 pm **Workshops:**
- 1. Sonographer Workshop**  
Jorge Giroud, MD  
Stan Timofeev, RDSCS
  - 2. Mechanical Circulatory Support Workshop and Round Table Discussion**  
Arabela Stock, MD  
Thomas Chancy, CCP  
Michael Parpard, RRT, CCP  
Lisa Moore, RN

- 3. Cardiac Nursing Case Presentations and Pathologic Correlation**  
Diane Debich-Spicer, BS  
Clair Noctor, RGN, RSCN  
Kas Sheehan, ARNP, CPNP, CCRN,  
Kathy Arnold, ARNP, MSN

## **RENAISSANCE VINOY RESORT**

- 7:00 – 9:30 pm **George R. Daicoff Dinner Presentation**  
*Creating Lasting Partnerships*  
Constantine Mavroudis, MD  
Carl Backer, MD

## **Tuesday, February 20** (4.5 CME)

### **ADULTS WITH CONGENITAL HEART DISEASE (CHD)**

- 7:30 – 7:50 am *Registration & Continental Breakfast*
- 7:50 – 8:00 am **Welcome**  
Moderator: Richard M. Martinez, MD
- 8:00 – 8:30 am **Anatomical and Pathological Considerations for Adults with CHD**  
Professor Robert Anderson, MD
- 8:30 – 9:00 am **The ACC/AHA Guidelines for Adults with CHD**  
Joseph A. Dearani, MD
- 9:00 – 9:30 am **Challenges in Establishing a Program for Adults with CHD**  
Richard M. Martinez, MD  
Hector Fontanet, MD
- 9:30 – 10:00 am **Successful Business Models for Program Development for Adults with CHD**  
Anthony Chang, MD
- 10:00 – 10:30 am *Break and Visit Exhibits*
- 10:30 – 10:50 am **Management of the 3 Most Common Problems in Adults with CHD**  
Gary D. Webb, MD
- 10:50 – 11:10 am **Primary Fontan in the Adult**  
Richard A. Perryman, MD
- 11:10 – 11:30 am **Management of Late Arrhythmia Patients with Fontan Circulation**  
Mitchell I. Cohen, MD
- 11:30 – 11:50 am **Arrhythmias in the Adult with CHD**  
Jorge McCormack, MD
- 11:50 – 12:10 pm **Conversion of the Failed Fontan Circulation**  
Constantine Mavroudis, MD
- 12:10 – 12:30 pm **Strategies for Following Long-Term Patients with CHD**  
Gil Wernovsky, MD
- 12:30 – 1:00 pm **Panel Discussion**  
All Speakers From Today  
Martin J. Elliott, MD

# Hotel Information

## RENAISSANCE VINOY RESORT & GOLF CLUB

Capturing the golden age of Florida resorts, the Renaissance Vinoy Resort & Golf Club takes you back to a time when elegance reigned supreme, service was an art form and grand surroundings made every guest feel special. The showplace of St. Petersburg's waterfront, the Renaissance Vinoy Resort is the only luxury resort on Florida's West Coast with the combination of a private marina, 18-hole golf course and 12-court tennis complex. First-class amenities surround you in the meticulously restored resort, a fine example of 1920's Mediterranean Revival architecture that has earned it a National Register of Historic Places designation.

## HOTEL CONFERENCE RATES & REGISTRATION

**RENAISSANCE VINOY RESORT AND GOLF CLUB**  
 501 Fifth Avenue NE, St. Petersburg, FL 33701  
 Phone: 1 727-894-1000 Fax: 1 727-822-2785  
 Toll Free: 1-888-303-4430

Conference Rates\*: Single/Double, \$245; Deluxe Patio Spa, \$359

When making reservations, please identify yourself as attending the "All Children's Hospital Conference" to obtain this special rate.

### RESERVATION CUT-OFF DATE: WEDNESDAY, JANUARY 17, 2007

Reservations received after the cut-off date will be accepted on a rate and space availability basis. Please note – this is a very busy time of the season for this resort!

All lectures and workshops take place in the Education and Conference Center at All Children's Hospital. The Renaissance Vinoy Resort is located just 5-10 minutes from the Hospital. Free shuttle transportation will be provided between the Vinoy and the Education and Conference Center. Enjoy the Tampa Bay waterfront on this scenic ride!

For more information about the Renaissance Vinoy Resort, call the hotel at the number listed above or access them on the Internet at [www.renaissancehotels.com](http://www.renaissancehotels.com).

\*Rates do not include 12% room tax (tax rates subject to change).

**Deadline is  
January 17<sup>th</sup>!**  
**Book your room today...**  
**Space is limited!**

# Local Information & Transportation
